ABSTRACT

Enrollment estimates for public and private schools in Manitoba, Canada, have been produced by the Schools' Finance Branch of the Department of Education for the years 1988-1992. The purpose of these estimates is to provide an indication of future enrollment trends to facilitate planning of financial requirements. The estimating process is based upon: (1) actual enrollment information submitted annually by each school division and district in the province of Manitoba; (2) the number of children in Manitoba entitled to Family Allowances; and (3) the number of births in the province. The enrollment estimate represents the number of students expected to attend public and private schools on September 30 of each of the 5 years studied. Data is arranged in tables and includes actual enrollment figures for the years 1978-1987. Actual enrollment and estimated enrollment are presented in tables for (1) the province; (2) public schools; (3) divisions; (4) remote districts; (5) special revenue districts; (6) private schools; and (7) schools that have been closed. Previous enrollment estimates included figures for special schools which have been dropped as an individual table and incorporated into the district tables. (ALL)

FORWARD

The Finance Branch of the Department of Education has produced an enrolment estimate for public and private schools in Manitoba. The intention of the estimate is to provide an indication of the direction and magnitude of future enrolment trends in order to facilitate the planning of financial requirements.

The estimating process is based upon:

1) actual enrolment information submitted annually by each school division and district in the province of Manitoba, along with

2) the number of children in Manitoba entitled to Family Allowances and

3) the number of births in the province.

The actual enrolment represents the number of pupils who were attending public and private schools on September 30th of each year. Similarly, the enrolment estimate represents the number of pupils expected to be attending public and private schools on September 30th of each estimate year.
